Updated Other Contaminant

Notes:

Release, likely due to treater upset, sprayed off location near the flare pit, according to the report. Followup is necessary.

Date: 2/6/2014 **Status:** Inspection

Author: Roberts, Kris

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

2/6/14 - 15:45 on location. Spray from flare pit stayed 95+% on location. Only a very, very light mist went off the sw corner on to snow and ice pack along the county road. Not enough impact off-site to justify a remedial action. No further inspection required.
